I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: These compounded drugs make all the difference in my life compared to taking man-made drugs and enduring their sometimes, life threatening side effects.

It is not fair nor right, nor advantageous to deny people access to having these drugs mailed to us ANYWHERE.
